WHY PRINCE STOREFIT?

Experience gathered over three decades of operation. Expertise fine tuned by successfully solving a wide variety of challenges - across domestic, industrial and agricultural segments. Now, Prince Pipes brings its mastery of PVC to a new segment:

Storefit water tanks. Let's see how every detail in Storefit has been meticulously planned to protect and secure the most precious element of our daily life - water.

FEATURES & BENEFITS

UV STABILIZATION

UV stabilized material prevents degradation and ensures no environmental stress, cracking, chalking or loss in the physical properties of the tank.

FOOD GRADE

Safe for drinking water applications.

BUILT STRONGER

Extra ribs for enhanced durability. Reduced bulging with full tank. Minimized chances of bursting under pressure.

EASY INSTALLATION

Provision of multiple plumbing inlets and outlets for the ease of connection.

THREADED LID

Enhances the life of cover. Keeps water free from dust and flies.

AIR VENTILATOR

Built-in ventilator allows water to breathe (to natural oxygen level) and stay fresh. They also help to avoid deformations.

UV PROTECTION COVER

Additional black cover below the lid to prevent entering of UV rays from the top opening of tank.

ANTIMICROBIAL

Inner layer added with silver based antimicrobial agent which prevents bacterial growth and keeps water fresh.

ABOUT PRINCE PIPES

With a 30-year legacy and a network of 7 factories across India, we are known for manufacturing high quality piping systems for plumbing, borewell, agriculture, sewage and industrial applications. This is why we are already a household name across India. And now, we are all set to delight you with our introductory range of overhead storage solutions - Prince Storefit water tanks.

A mark of identification of the genuine Prince Storefit tanks.
This mark is non-removable, unscratchable and in-mold.

Look for the seal on top of the tank to identify original from counterfeit.

The logo consists of a red crown icon to the left of the word 'PRINCE' in a large, bold, red, sans-serif font. Below 'PRINCE' is the text 'PIPING SYSTEMS' in a smaller, red, sans-serif font.
